Orthopedic Second Opinion

We offer patients an independent **orthopedic second opinion** by experienced orthopedics from Orthopädie am Rhy.

Our goal is to ease getting a second opinion and to support patients during the decision-making.

Second opinion Requirements:

Important documents are findings of the first doctor, current MRT and/or CT scans, radiography including findings as well as additional pictures. Documents should not be older than 6 months.

Our second opinion program:

- Study of your files
- Detailed medical history and interview
- Second opinion – consultation
- Final report

Special price CHF **499.-**

Any additional exams will be charged as a supplement.

Check-up are carried out only from Monday to Friday.
